## SECTION 5 MEDICAL PROFESSIONAL'S DETAILS

**The information in this section is only required if the deceased beneficiary had a Hepatitis C infection and was not receiving Advanced Hepatitis C or HIV payments from the scheme.**

The scheme will use this information to confirm whether the Hepatitis C infection directly contributed to the deceased person's death.

Please provide details of any clinical specialist(s) who treated the deceased person for their Hepatitis C and/or HIV infection or has access to their medical records in relation to their infection. This should normally be a hepatologist or infectious diseases consultant but could be a GP if no specialist has relevant records available to provide a view.

Please make every effort to obtain as much as you can in terms of relevant medical records. A death certificate alone may not be enough evidence for the specialist to make a clinical judgement on this matter. Older death certificates may not consistently record the underlying cause of death or significant diseases which contributed to the death.
